Subject:	Air Liquide - Bayport -- Request for Extension of Public Comment Period
Date:	Monday, September 30, 2013 3:10:07 PM

Melanie –

On behalf of Air Liquide, we request an extension of the public comment period to Permit Number PSD-TX-612-GHG for the Air Liquide Bayport facility until October 14, 2013. The purpose of this extension request is to allow Air Liquide additional time to supplement the permit record with additional cost information on CCS and to supplement the administrative record to ensure further defensibility.

Please let us know if such extension request is granted or denied.

Thank you.
