

US EPA ARCHIVE DOCUMENT

Greenhouse Gas Prevention of Significant Deterioration Preconstruction Permit
For C3 Petrochemicals LLC

Basis of Decision for Issuance of PSD-TX-1342-GHG

Supplement to the Statement of Basis

U.S. Environmental Protection Agency
June 2014

Summary of the Formal Public Participation Process

The U.S. Environmental Protection Agency, Region 6 (EPA) proposed to issue a Prevention of Significant Deterioration (PSD) permit for Greenhouse Gases (GHG) for C3P propane dehydrogenation (PDH) plant in Brazoria County, Texas. The public comment period on the draft permit began on May 9, 2014 and ended on June 9, 2014. EPA announced the public comment period through a public notice published in *The Facts* (Brazoria County Newspaper) and on Region 6's website. EPA also notified agencies and municipalities in accordance with 40 CFR Part 124.

The Administrative Record for the draft permit was made available at EPA Region 6's office. EPA also made the draft permit, Statement of Basis and other supporting documentation available on Region 6's website, the Palestine Memorial Library in Palestine, Texas.

EPA's public notice for the draft permit also provided the public with notice of a public hearing. The public notice stated that "*Any request for a public hearing must be received by the EPA either by email or U.S. mail by May 30, 2014 and must state the nature of the issues proposed to be raised in the hearing. Attendance at the public hearing is not required in order to submit written comments.... EPA has the right to cancel a public hearing if no request for a public hearing is received or EPA determines that there is not significant interest. **If the public hearing is cancelled**, notification of the cancellation will be posted by June 2, 2014 on the EPA's Website <http://yosemite.epa.gov/r6/Apermit.nsf/AirP>. Individuals may also call the EPA at the contact number listed above to determine if the public hearing has been cancelled.*" EPA did not receive any written comments concerning the draft permit during the comment period, and did not receive any written requests for a public hearing. EPA posted its announcement that there would not be a hearing on June 23, 2014.

Revisions in Final Permit

The following is a list of administrative and clarifying changes for the Greenhouse Gas Prevention of Significant Deterioration Preconstruction Permit for Apex Matagorda Energy Center

Final Permit Conditions:

The cover sheet titled "Prevention of Significant Deterioration Permit for Greenhouse Gas Emissions Issued Pursuant to the Requirements at 40 CFR §52.21" has been modified to state the following:

In accordance with 40 CFR §124.15(b)(3), this PSD Permit becomes effective ~~30 days after the service of notice of this final decision unless review is requested on the permit pursuant to 40 CFR §124.19~~ immediately upon issuance of this final decision.

National Historic Preservation Act (NHPA)

On May 20, 2014, the State Historical Preservation Officer (SHPO) concurred with EPA's programmatic agreement between EPA and C3 Petrochemicals requiring an additional survey and analyses for a segment (10.8 miles), prior to construction of this pipeline.

EPA also sent letters on April 19, 2013 to Indian tribes identified by the Texas Historical Commission as having historical interests in Texas to inquire if any of the tribes have historical interest in the particular location of the project and to inquire whether any of the tribes wished to consult with EPA in the Section 106 process. EPA did not receive any requests from tribes to be consulting parties.
