PUBLIC NOTICE

Celanese Ltd., Clear Lake Plant

ANNOUNCEMENT OF PROPOSED PERMIT AND PUBLIC HEARING, AND REQUEST FOR PUBLIC COMMENT OF PROPOSED CLEAN AIR ACT GREENHOUSE GAS PREVENTION OF SIGNIFICANT DETERIORATION PRECONSTRUCTION PERMIT

Public Comment Period June 23, 2013 to July 23, 2013

The United States Environmental Protection Agency (EPA) provides notice of and requests public comments on the EPA's proposed action relating to the Prevention of Significant Deterioration (PSD) permit application for the Celanese, Clear Lake Plant. If finalized, the permit would regulate greenhouse gas (GHG) pollutant emissions associated with the project to construct a new methanol manufacturing unit, in accordance with the PSD regulation (40 CFR 52.21). The proposed construction will occur at the existing facility, Clear Lake Plant, which is located at 9502 Bayport Blvd., Pasadena, TX 77507.

Under the provisions of 40 CFR 52.21 (except paragraph (a)(1)), EPA Region 6 implements a greenhouse gas PSD Federal Implementation Plan (FIP) for Texas. See 40 CFR 52.2305. As the proposed project represents a major modification to an existing major source and significant increase in GHG emissions as described at 40 CFR 52.21(b)(49)(iv), EPA concludes that the application is subject to PSD review for GHG emissions. The construction of the methanol manufacturing unit covered by the draft permit is composed of the following emission sources: reformer furnace, flare, emergency generator engine, cooling tower, and process fugitives.

Any interested individual may submit written comments on EPA's proposed PSD permit for the Celanese project. All comments must be received in writing by July 23, 2013 or postmarked by July 23, 2013 to Aimee Wilson at one of the following addresses:

EPA Contact: Aimee Wilson
 Phone Number: (214) 665-7596
 E-mail: wilson.aimee@epa.gov
 U.S. Mail: Aimee Wilson
 Air Permits Section
 U.S. EPA Region 6
 1445 Ross Avenue, Suite 1200
 Dallas, TX 75202

EPA will consider and respond to all comments in making the final decision regarding the issuing of the permit. Similar comments may be grouped together in the response, and the EPA will not respond to individual commenters directly.

Additionally, all comments will be included in the administrative record without change, and may be made available to the public, including any personal information provided, unless the comment includes Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Thus, CBI or other protected information should be clearly identified as such, and should not be submitted through email. Emails sent directly to the EPA will capture your email address automatically and will be included as a part of the public comment. Please note that an email or postal address must be provided with your comments if you wish to receive responses to comments submitted during the public comment period and direct notification of EPA's final decision regarding the permit.

An extension of the 30-day comment period may be granted if the request for an extension adequately demonstrates why additional time is required to prepare comments.

Public Hearing: If EPA determines that there is a significant amount of public interest in the draft permit, the EPA has the right to hold a public hearing. Any request for a public hearing must be received by the EPA either by email or mail by July 17, 2013, and must state the nature of the issues proposed to be raised in the hearing. Attendance at the public hearing is not required in order to submit written comments. If the EPA determines that there is significant public interest, a public hearing will be held on July 29, 2013 from 6:00 p.m. to 8:00 p.m. at the following location:

La Porte Branch: Harris County Public Library
 600 South Broadway
 La Porte, TX 77571
 (281) 471-4022

If a public hearing is held, the public comment period shall automatically be extended to the close of the public hearing. The EPA maintains the right to cancel a public hearing if no request for a public hearing is received by July 17, 2013, or the EPA determines that there is not a significant interest. If the public hearing is cancelled, notification of the cancellation will be posted by July 19, 2013 on the EPA's Website <http://yosemite.epa.gov/r6/Apermit.nsf/AirP>. Individuals may also call the EPA at the contact number listed above to determine if the public hearing has been cancelled.

Permit Documents: EPA's draft permit, EPA's preliminary determination and statement of basis, Celanese's permit application and supporting documentation, and comments received from the public, other government agencies, and the applicant during the public comment period become part of the administrative record for the permit. In addition, all data submitted by the applicant is available as a part of the administrative record. The public can access the administrative record at the following locations (please call in advance for available viewing times):

La Porte Branch: Harris County Public Library
 600 South Broadway
 La Porte, TX 77571

EPA Region 6 Office
 1445 Ross Avenue, Suite 1200
 Dallas, TX 75202
 Phone: 214-665-7200

Final Determination: A final decision to issue a permit or to deny the application for the permit shall be made after all comments have been considered. Notice of the final decision shall be sent to each person who has submitted written comments or requested notice of the final permit decision, provided the EPA has adequate contact information.

HOROSCOPES BY HOLIDAY
June 23 - June 29 *By Holiday Mathis*

Full Moon Mirror - The full Capricorn moon is like the magic mirror that Snow White's evil stepmother checked to make sure she was the fairest of all. But the Capricorn moon is not only measuring beauty. It is a checker of social status weighing many factors, including position, the respect of peers, charm, means and more. Just remember that your public image is but a reflection of who you are. Without the real you, it would reflect nothing.

ARIES (March 21-April 19), You've been unfavorably comparing yourself again. Of course you're going to come up short if you situate yourself by the severely advantaged. Be kinder than that. Consider where you are and where you want to be, and set a goal you can hit by the end of the week. One step at a time will get you there.

TAURUS (April 20-May 20), You sense who respects you, and you like the easy feeling flowing through this relationship. Now, how do you get the other one, who respects few, to behave similarly? This is the question that haunts your early week, but by Wednesday, you'll have it figured out. By Friday, you'll feel you were born to lead.

GEMINI (May 21-June 21), You'll try something new this week and be richer for the experience. What would happen if you tried something new (SET ITAL) every (END ITAL) week? You'd continue to be richer. There's no reason you can't do this, though it will require a bit of planning. Make your list. You're extremely creative this week, so the timing is perfect.

CANCER (June 22-July 22), Even though the moment is ever-present, it can be the hardest thing to find. When stressors have your mind racing forward and backward, calm down and focus on the sounds, sights and feelings of right now. Winning choices depend on responding to the moment your body is in, not the peculiar timing of the mind.

LEO (July 23-Aug. 22), You're hard on yourself, expecting to do and be things that others wouldn't even dream of demanding of themselves. This is why you have achieved so much in life. Yet it may also be why you aren't so happy as some who have achieved much less. Ease up on yourself this week. Go for happiness. It's a worthy goal.

VIRGO (Aug. 23-Sept. 22), You think you need control of this week's situation, but this is only the mind participating in a bad habit. You don't really need control -- not of others or of yourself. Let them live their way, and flow freely your own way, too. If you do have one true need this week, it's not for control but for acceptance.

LIBRA (Sept. 23-Oct. 23), You like to be flattered -- and you will be -- but you draw the line at pandering. You respond best to people who have more self-esteem than that. You feel that those who spend their time finding ways to indulge and gratify others should really be discovering what their own gifts are and developing them. You'll help facilitate this.

SCORPIO (Oct. 24-Nov. 21), You're still not sure how much to trust someone. Giving faith arbitrarily won't make anyone a faithful person. Rather, it makes for foolishness. Trust is really a matter of knowing others so well that you can predict their behavior. This week, you'll place your trust carefully and be proved correct.

SAGITTARIUS (Nov. 22-Dec. 21), You live in a different world than the one that prompted your parents to take social and political action for equal rights of minorities and women. Yet you will still find yourself fighting for equality this week in some small but meaningful way. You'll be rewarded for standing for what is just.

CAPRICORN (Dec. 22-Jan. 19), You have the authority to make decisions that affect many, though this authority is not really yours. It's on loan from the people who gave it to you and can be taken back at any point. You appreciate your authority and use it well, realizing that you also have a deeper power that can never be taken.

AQUARIUS (Jan. 20-Feb. 18), Even though you think it would be fun to have a compliant partner, you really wouldn't stay interested in this kind of relationship for long. A person who will fall in line with whatever you want will not pose a great enough challenge. So whatever resistance you get from others this week, embrace it as part of the fun.

PISCES (Feb. 19-March 20), You were not seeking a position of power and influence, but you'll land in one because it's how people see you. You may not want to be bothered with knowing that the group depends on you, but it's the natural outcropping of your talents. It's precisely because you are so responsible that people give you responsibility.

THIS WEEK'S BIRTHDAYS: You're taking it to the next level this year. Your self, home, relationships -- you know what you want, and you're ready to do the work to make it happen. The biggest question is: Where to start? The next six weeks helps you reorder your values and prioritize your efforts. A sisterly female figure will assist you in augmenting your fortunes. August brings a domestic makeover. You'll travel seeking fair weather and lucrative opportunity in September and be successful on both accounts.
