PUBLIC NOTICE

**Diamond Shamrock Refining Company, L.P., a Valero Company
Crude Expansion Project**

**ANNOUNCEMENT OF PROPOSED PERMIT AND PUBLIC HEARING, AND REQUEST
FOR PUBLIC COMMENT OF PROPOSED CLEAN AIR ACT GREENHOUSE GAS
PREVENTION OF SIGNIFICANT DETERIORATION PRECONSTRUCTION PERMIT**

Public Comment Period August 4, 2013 to September 3, 2013

The United States Environmental Protection Agency (EPA) provides notice of and requests public comments on the EPA's proposed action relating to the Prevention of Significant Deterioration (PSD) permit application for the Diamond Shamrock Refining Company, L.P., a Valero Company. If finalized, the permit would regulate greenhouse gas (GHG) pollutant emissions associated with the crude expansion project in accordance with the PSD regulation (40 CFR 52.21). The proposed construction will occur at the existing facility, Valero McKee Refinery, which is located at 6701 FM 119, Sunray, TX 79086.

Under the provisions of 40 CFR 52.21 (except paragraph (a)(1)), EPA Region 6 implements a greenhouse gas PSD Federal Implementation Plan (FIP) for Texas. *See 40 CFR 52.2305*. As the proposed project represents a major modification to an existing major source and significant increase in greenhouse gas (GHG) emissions as described at 40 CFR 52.21(b)(49)(iv), EPA concludes that the application is subject to PSD review for the pollutant GHG emissions. The construction of the crude expansion project is covered by the draft permit and is composed of the following emissions sources: steam boiler, heaters, sulfur recovery unit incinerator, portable combustion control device and process fugitives.

Any interested individual may submit written comments on EPA's proposed PSD permit for the crude expansion project. All comments must be received in writing by September 3, 2013 or postmarked by September 3, 2013 to Melanie Magee at one of the following addresses:

EPA will consider and respond to all comments in making the final decision regarding the issuing of the permit. Similar comments may be grouped together in the response, and the EPA will not respond to individual commenters directly.

Additionally, all comments will be included in the administrative record without change, and may be made available to the public, including any personal information provided, unless the comments includes Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Thus, CBI or other protected information should be clearly identified as such, and should not be submitted through email. Emails sent directly to the EPA will capture your email address automatically and will be included as part of the public comment. *Please note that an email or postal address must be provided with your comments if you wish to receive responses to comments submitted during the public comment period and direct notification of EPA's final decision regarding the permit.*

An extension of the 30-day comment period may be granted if the request for an extension adequately demonstrates why additional time is required to prepare comments.

Public Hearing: If EPA determines that there is a significant amount of public interest in the draft permit, the EPA has the right to hold a public hearing. Any request for a public hearing must be received by the EPA either by email or U.S. mail by August 27, 2013, and must state the nature of the issues proposed to be raised in the hearing. Attendance at the public hearing is not required in order to submit written comments. **If the EPA determines that there is significant public interest,** a public hearing will be held on September 19, 2013 from 6:00 p.m. to 8:00 p.m. at the following location:

City Hall Community Center
415 Main Street
Sunray, TX 79086
(806) 948-4111

If a public hearing is held, the public comment period shall automatically be extended to the close of the public hearing. The EPA maintains the right to cancel a public hearing if no request for a public hearing is received by August 27, 2013, or the EPA determines that there is not a significant interest. **If the public hearing is cancelled,** notification of the cancellation will be posted by August 29, 2013 on the EPA's Website <http://yosemite.epa.gov/r6/Apermit.nsf/AirP>. Individuals may also call the EPA at the contact number listed above to determine if the public hearing has been cancelled.

Permit Documents: EPA's draft permit, EPA's preliminary determination and statement of basis, Diamond Shamrock Refinery Company's permit application and supporting documentation, and comments received from the public, other government agencies, and the applicant during the public comment period become part of the administrative record for the permit. In addition, all data submitted by the applicant is available as a part of the administrative record. The public can access the administrative record at the following locations (Please call in advance for available viewing times):
