To: Thomas V. Skinner  
Regional Administrator  
Region 5  
United States Environmental Protection Agency

From: Jonnie Jay Sam II  
Ogema  
Little River Band of Ottawa Indians

Dear Administrator Skinner,

The Little River Band of Ottawa Indians recommends an attainment/unclassifiable 8-hour ozone National Ambient Air Quality designation for the areas within the exterior boundaries of our 1836 reservation. This area is unclassifiable due to a lack of monitoring data.

We recommend a designation of nonattainment for the areas within the exterior boundaries of our 1855 reservation.

Sincerely,

Jonnie Jay Sam II

Ogema
