Re: The Quapaw Tribe of Oklahoma designation recommendation for the 8-hour Ozone National Ambient Air Quality Standard

Dear Mr. Cooke:

On behalf of the Quapaw Tribe of Oklahoma, I wish to recommend that our Tribal air shed be designated as an attainment/unclassifiable area. Our recommendation is based on the fact that there is not sufficient data for classifying our Tribal air shed, thus we would fall under the attainment/unclassifiable designation. Attached is a map that you may find to be useful in this process, detailing the Quapaw Tribal lands which are located in extreme northeast Oklahoma, near the borders with Kansas and Missouri.

I look forward to hearing your response to our recommendation. Please contact our Environmental Director, Ms. Tabitha Worley, if you have any questions or require additional information.

Sincerely,

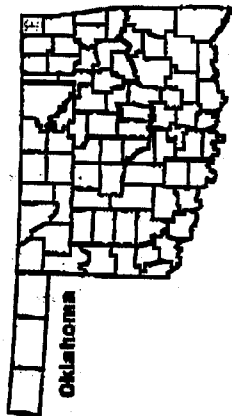

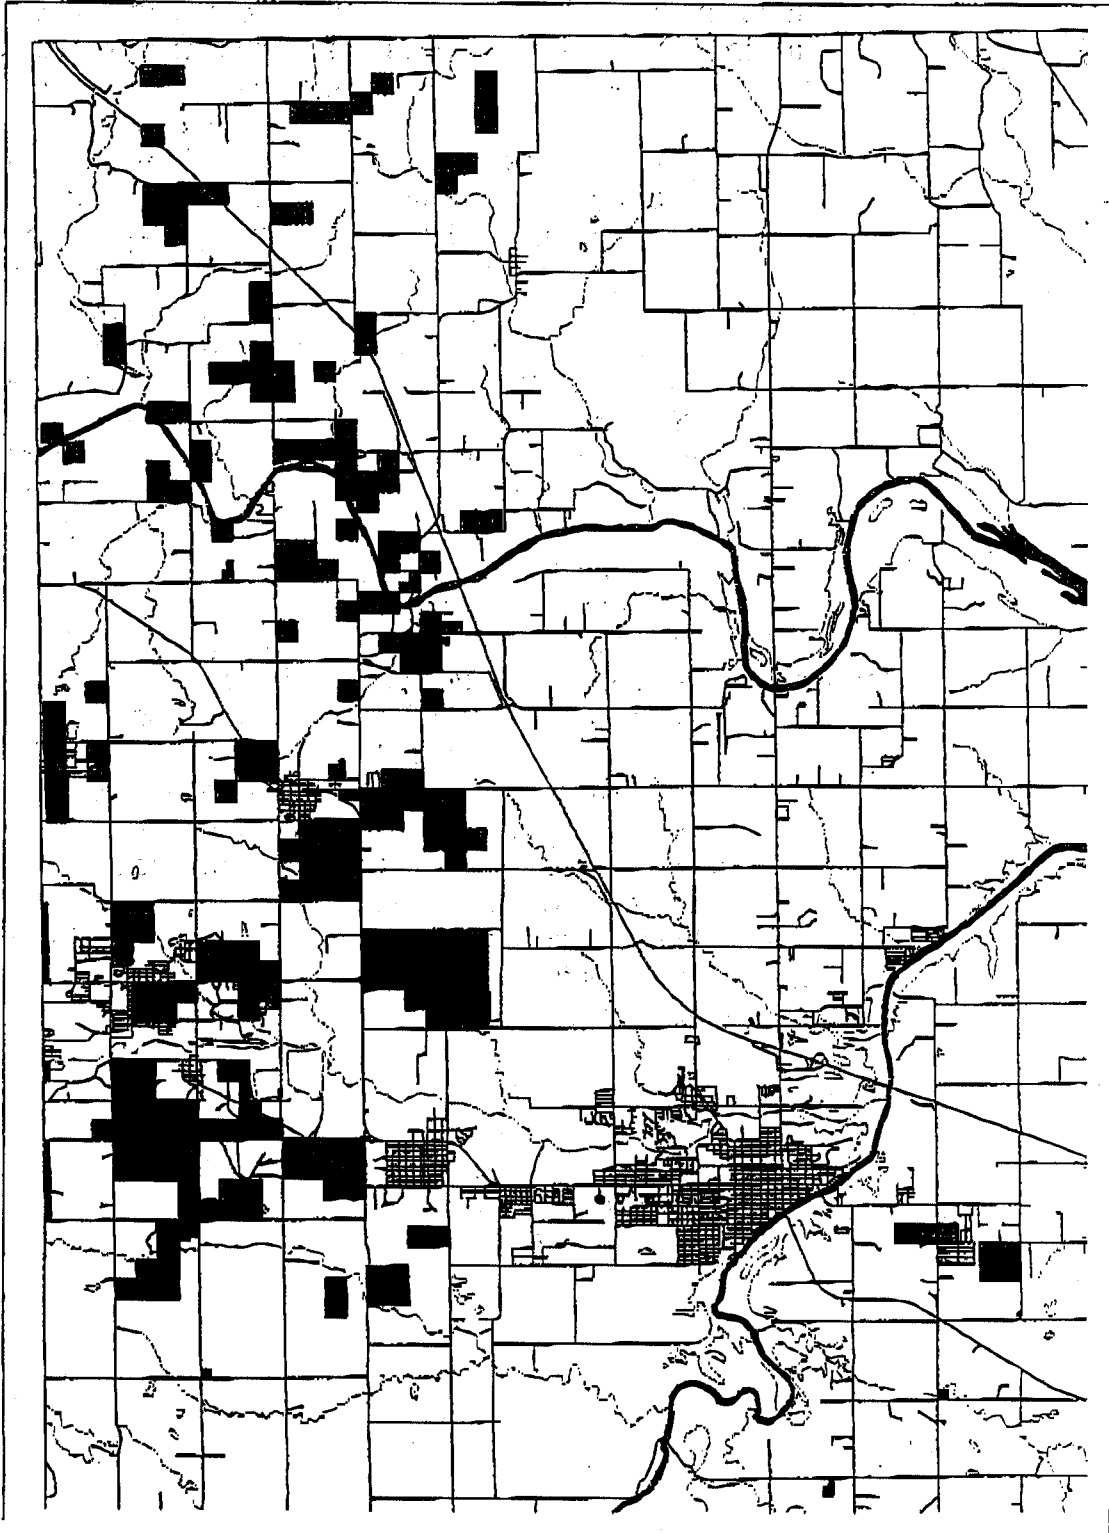

Tamara R. Martin
Tribal Chairwoman

Cc: Dan Smith, Acting Tribal Administrator
Tabitha Worley, Environmental Director
