MEMORANDUM

DATE: SEP. 1, 1978

SUBJECT: Applicability Determination for PSD - Hot Mix Asphalt Operations

FROM: Howard Bergman, Director
Enforcement Division

TO: Ed Reich
Division Director
Stationary Source Enforcement (EN 341)
E.P.A.
401 M. St. SW
Washington, D.C. 20460

This is to confirm a telephone conversation between Libby Scopino of your staff and Dennis Isaacs of our Special Projects Section on August 9, 1978. It is our understanding that potential emissions from a new source should be calculated using the number of hours it is allowed to operate if the limitation on operating hours is a provision of a fully approvable SIP new source permit. We are now implementing this decision in our determinations of PSD applicability, please contact Carl Edlund if we misunderstood.
