

US EPA ARCHIVE DOCUMENT

## 1999 Draft Emissions for Illinois: For Review Only

This spreadsheet summarizes the county-level emissions input into the ASPEN model. The purpose of presenting these estimates is to provide additional information for State, local, and tribal organization review of the draft 1999 NEI for HAPs posted October 2002. These results should not be used for comparison with 1996 NATA results to perform trends analysis because in addition to being draft, changes have been made to emission inventory and processing methodologies.

See [www.epa.gov/ttn/chief/net/index.html#1999](http://www.epa.gov/ttn/chief/net/index.html#1999) for more information on the draft 1999 NEI for HAPs.

For a discussion of limitations, please see <http://www.epa.gov/ttn/atw/nata1999/natsalim2.html>

### DRAFT FOR REVIEW ONLY

| State    | County             | FIPS  | Urban or Rural | Pollutant                           | Major               |                                      | Area and Other      |                                      | Onroad Mobile       |                                      | Nonroad Mobile      |                                      | Total               |                                      |
