**Additional Comments :**

Parvez Mallick (EPA) and Adam Davis (START) met Jay Shaw (CTEH) and Christopher Daigle (CTEH) at the site with the intent to collect a sample of Oily Contaminated Material (OCM). A FDEP representative was not available during the site visit. EPA met with Frank Finn of Waste Management at the staging area. Mr. Finn said that there were no roll-off containers of OCM currently onsite and they did not expect to receive any OCM until early next week. Mr. Finn said this staging area has only received four roll-off containers of OCM within the past two weeks. No samples were taken. All containers currently onsite are empty.
