4. If yes, was it adequately addressed?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> N/A
5. How many samples were collected?	1

Additional Comments :

Parvez Mallick (EPA) and Adam Davis (START) met Jay Shaw (CTEH) and Christopher Daigle (CTEH) at the site. A FDEP representative was not available during the site sampling visit. One roll-off container labeled as "Oil Contaminated Material" was onsite. The roll-off container was open during the site sampling visit. The roll-off container was full and contained oily sand, PPEs, and oily tarps. Adam Davis and Jay Shaw collected samples of oily sand from a roll-off container number RB-0625255. Parvez Mallick spoke with B. J. Billante, Operations Administrator, of Eagle SWS regarding the open "Oil Contaminated Material" roll-off container at the site. Mr. Billante stated that he would make sure that all "Oil Contaminated Material" roll-off containers are covered. In addition, Mike Stephen of FDEP was notified of the open roll-off container during the sampling visit.
 EPA sample no. MY01-100921-WS-001. Location 30.404106 and -87.245735.
