4. If yes, was it adequately addressed?	
5. How many samples were collected?	

Additional Comments :

Visited the Pensacola Staging Area. A FDEP representative was not present. Met with Robert Boykin, Operations Manager, Kit Bolton, Site Manager, and Bob Leavitt, WM Safety Officer. Two R/O labeled as OCM arrived this morning from Pensacola Beach and were onsite. They contain sand that is double bagged. These two R/O will be shipped to Magnolia by COB. Both R/O were securely covered. No concerns regarding how the R/O are staged and managed were noted during the visit.

Leavitt is the Waste Management Safety Officer for eastern AL and all of FL. He should be contacted prior to EPA taking samples at Waste Management locations in eastern AL and FL. His contact number is 251-583-6057.
