4. If yes, was it adequately addressed?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> N/A
5. How many samples were collected?	0

Additional Comments :

Met with Ronnie Badon (Mansfield). An ADEM representative was not present. Five R/O were labeled as Oily Contaminated Material. One R/O had the cover torn and algae-contaminated hard boom was exposed. I informed Badon of this and requested that he secure a cover over the R/O in order to rain water out. He said he would have it covered before the end of the day. No other concerns regarding waste management issues were noted during the visit.
