PPDC 21st Century Toxicology/New Integrated Testing Strategies Workgroup

Meeting Minutes

Time: 1:00-3:00 PM (EST)

Summary

The PPDC 21st Century Toxicology / New Integrated Testing Strategies Workgroup met for the group's bi-monthly meeting. The meeting focused on recommendations from the Biomonitoring subgroup on which pesticides would be good candidates for biomarker research and development. EPA gave an update on the OPP workgroup formed to track and implement the metrics subgroup proposal recommendations accepted by the PPDC. The proposal detailed measurable goals that could be set as part of the implementation of metrics for progress on *in vitro* and alternative testing methods. The presentation at the full PPDC meeting that was held on June 5-6, 2014 was also discussed. The workgroup will hold its next regular bi-monthly meeting in September 2014.
