Russ, I think it would be good to look at all of them if we can.

Chuck Byrum

Subject: List of Qualification Document for MicroShield

Russ:

Per our discussion this afternoon, I am forwarding you the list of qualification documents that we have for the MicroShield software. We need to know if EPA needs some or all of these documents:

Requirements Memo

MicroShield Verification and Validation Report

MicroShield Users Manual

Please let me know what we need to provide.

Thanks,

Beverly Crawford, PhD.
