EPA Region 10 HABs Workshop

US EPA, 1200 Sixth Avenue, Seattle, WA

March 29-30th, 2016

Blooms Management Café

Purpose

The purpose of the Blooms Management Café is to encourage collaborative dialogue through several conversational rounds on themes discussed during the workshop. The purpose is to foster dialogue and constructive possibilities for collaboration.

Section Description

The section contains 10 minute rounds of discussions for a small group around a table to discuss a series of questions or see demonstrations and displays related to the table specific topic. At the end of the 10 minutes, participants can move to a different table or remain at the same table.

The *Bloom Management Café* will end with a few minutes of sharing ideas, collaborations and success stories in a whole group conversation.
