N
RE: Withdrawal of Part A
Rescission of Part B Call-in
FACILITY NAME: Carboline Company
U.S. EPA ID #: OHD 030-963-615

Dear Mr. Porthouse:

This Agency has been advised by the Ohio Environmental Protection Agency (Ohio EPA) that the referenced facility is no longer operating as a storage facility under Federal rules. The facility's current status under the Resource Conservation and Recovery Act (RCRA) is that of a generator storing less than 90 days. This letter acknowledges your change in status, and formally rescinds the call-in of the Part B application.

Should you decide in the future to initiate storage of hazardous wastes for greater than 90 days, and such storage is consistent with the original Part A application, you must resubmit a Part A application within 30 days of such initiation. The Part B application would need to contain all of the information required by 40 CFR 270.14-270.16 (formerly 40 CFR 122.25).

Should you propose to initiate storage of hazardous wastes in a manner inconsistent with the original Part A application, or to initiate the treatment or disposal of hazardous wastes, you must contact our office and the Ohio EPA at least ten days prior to such initiation. Based on the specifics of the proposed changes, we will advise you whether actual issuance of a permit is a prerequisite for such changes, or whether submittal of Part A and B of your application is sufficient. Failure to resubmit a Part A application, or to contact our office as mentioned above, would subject you to enforcement action. RCRA provides for civil penalties up to \$25,000 per violation.

If you have questions, please contact Rebecca Strom of my staff, at (312) 886-6194, for assistance.

Sincerely yours,

Karl J. Klepitsch, Jr., Chief
Waste Management Branch
