SUMMARY: The U.S. Environmental Protection Agency (EPA) is authorized under Section 309(g) of the Clean Water Act (CWA), 33 U.S.C. §1319(g), to assess a civil penalty after providing the person subject to the penalty with notice of the proposed penalty and the opportunity for a hearing, and after providing interested members of the public with notice of the proposed penalty and a reasonable opportunity to comment on its issuance. Under Section 309(g) of the CWA, any person who violates Section 301 of the CWA, may be assessed a Class I civil penalty of up to \$37,500 by EPA. The deadline for submitting comments on a proposed Class I penalty assessment is thirty (30) days after issuance of the public notice.
