statistical area (CMSA); the Baltimore Oxygenated Gasoline Control Area—comprised of Baltimore City and the counties of Anne Arundel, Baltimore, Carroll, Harford, Howard, and Queen Anne's, all of which are included in the Baltimore Metropolitan Statistical Area (MSA); and the Washington Oxygenated Gasoline-Control Area—comprised of the counties of Calvert, Charles, Frederick, Montgomery, and Prince George's, which comprises Maryland portion of the Washington, D.C. MSA. The intended effect of this action is to approve these regulations to satisfy the requirements of the Clean Air Act as amended by the Clean Air Act Amendments of 1990 (the Act). This action is being taken under section 39 of the Clean Air Act. Effectiveness: This final rule will become effective on July 11, 1994.

SUPPORTING INFORMATION: On December 14, 1993, (58 FR 65989), EPA published a notice of proposed rulemaking (NPR) for the State of Maryland. The NPR proposed approval of an Oxygenated Gasoline Program in the State of Maryland. A formal SIP revision was received from the State of Maryland on November 13, 1992. Specific regulations of the Oxygenated Gasoline Program and the rationale for EPA's proposed action are explained in the NPR and will not be restated here. No comments were received on the NPR.

Final Action

EPA is approving the SIP revision submitted by the State of Maryland on November 13, 1992, which implements an Oxygenated Gasoline Program in the State. The SIP revision consists of revisions to Code of Maryland Regulations 13.CMR.03.08.01 and COMAR 26.11.13 and new regulations contained in COMAR 26.11.20. Nothing in this action should be construed as permitting or allowing or establishing a precedent for any future request for revision to any state implementation plan. Each request for revision to the state implementation plan shall be considered separately in light of specific technical, economic, and environmental factors and in relation to relevant statutory and regulatory requirements.

This action was originally classified as a Table 2 action for signature by the Acting Regional Administrator under the procedures published in the Federal Register on January 19, 1989 (54 FR 22314-22225). However, in an October 4, 1993 memorandum, the Acting Assistant Administrator for Air and Radiation, Michael H. Shapiro, reviewed these SIP tables so that Table 2 final actions on which no adverse comments were received on the proposed rule may be delegated to Table 3 actions. No comments were received concerning this action; therefore, under the new guidelines, this final action may be classified as a Table 3 action. On January 6, 1994, the Office of Management and Budget (OMB) waived Table 2 and Table 3 SIP revisions from the requirements of section 3 of Executive Order 12291 for a period of two years. The USEPA has submitted a request for a permanent waiver for Table 2 and 3 SIP revisions. The OMB has agreed to continue the waiver until such time as it is rules on USEPA's request. This request is still applicable under Executive Order 12866, which superseded Executive Order 12291 on September 30, 1993.

Under section 207(b)(2) of the Clean Air Act, petitions for judicial review of this action to approve Maryland's Oxygenated Gasoline Program must be filed in the United States Court of Appeals for the appropriate circuit by August 9, 1994. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of this rule or action. This action may not be challenged in the proceedings to enforce its requirements. (See section 207(b)(2) of the Clean Air Act.)

Acquisition Regulation; Miscellaneous Amendments to NASA FAR Supplement

AGENCY: Office of Procurement, Procurement Policy Division, National Aeronautics and Space Administration (NASA).

ACTION: Final rule.

SUMMARY: This document amends the NASA Federal Acquisition Regulation Supplement (FARS) to reflect the Office of Procurement, Procurement Policy Division, National Aeronautics and Space Administration (NASA)’s personnel and delegation of authority with NASA.

DEnce: June 30, 2014.

FOR FURTHER INFORMATION CONTACT: Mr. David L. Becht, (202) 358-0482.

SUPPLEMENTARY INFORMATION:
Availability of NASA FAR Supplement
The NASA FAR Supplement, of which this rule is a part, is available in its entirety on a subscription basis from the Superintendent of Documents, Government Printing Office, Washington, DC 20402, telephone number (202) 786-3236. GPO Subscription Stock Number 922-003-00000-4. It is not distributed to the public, either in whole or in part, directly by NASA.

Dryden Flight Research Center and Space Station Program Office

The following sections are changed as a result of the establishment of the Dryden Flight Research Center and Space Station Program Office: 1802.141, 1804.720-4(a), 1804.720-2, 1805.207, 1805.203-710(D), 1807.71020, 1811.807-21, 1822.107-4, 1829.705-3, and 1852.143.

Waiver of Certificated Cost and Price Data for Canadian Commercial Corporations

An existing waiver in 1815.804-2 is extended. Subparagraph 1815.804-2(h) is removed. It required NASA personnel to report use of the waiver to NASA Headquarters.

Delegation of Authority for Small Foreign Purchases and Describe Internal Procedures within NASA

Reversion of Domestic Preference to Buy American Act

Subpart 1825.71 and clauses at 1825.222-74 and 1825.222-75 are removed because an appropriate act requirement for domestic preference was not extended beyond Fiscal Year 1991 funding. The domestic preference required by the Buy American Act, as implemented in FAR 46 CFR Subparts 27.1 and 27.2 and (NAVAIR Supplement 46) CFR Subparts 1825.1 and 1825.2, remains in effect.

Additional Changes

Section 1815.805-2(b) is revised in order to complete an incomplete sentence. Section 1431.907-5(b) is revised in order to correct a cross-reference. A reference is inserted in 1822.400 regarding contract data requirements. A reference to Code 10 is changed to Code 00 and the division title is changed (section 1823.705(c)). Section 1852.209-71 is revised in order to correct two cross-references. In addition, section references and subpart headings are revised to reflect corresponding changes in the Federal Acquisition Regulation.

Impact

NASA notes that this regulation will not have a significant economic effect on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601, et seq.).
