

Appendix B - Method 5I

This appendix contains the Method 5I data and results produced from the demonstration test program. All information is organized on a monthly basis. Method 5I data reduction files are presented in subdirectories titled "m5-xxx;" the "xxx" represent monthly abbreviations (e.g., oct). Each method 5i run that occurred during September can be found under "m5i-sept" in a comma-delimited text (CVS) format (e.g., m5i-2a.csv).

Other supporting information, including the field data and recovery sheets along with chain-of-custody forms, is not available in electronic format. See the paper version in the docket.
