

State of New Mexico Manifest Requirements

US EPA revised the Hazardous Waste Manifest Forms used to track hazardous waste from a generator's site to the site of its disposition. Handlers of waste will obtain new forms from any source that has [registered with US EPA](#) to print and distribute the form. Please note that existing forms must be used until September 4, 2006, and the new Uniform Hazardous Waste Manifest must be used starting on September 5, 2006. This web page explains New Mexico's manifest requirements.

How do I submit manifest copies to my State?

New Mexico does not require copies of hazardous waste manifests be submitted to the State unless specifically requested to do so by the New Mexico Environment Department Hazardous Waste Bureau (for example, as follow-up to a hazardous waste inspection).

If hazardous waste manifests are requested by Hazardous Waste Bureau personnel, the copies should be submitted by mail to:

New Mexico Environment Department
Hazardous Waste Bureau
2905 Rodeo Park Drive East, Bldg. 1
Santa Fe, NM 87505

What are my State-specific waste codes?

New Mexico has not designated any State-specific waste codes. Only the federal waste codes are required on hazardous waste shipping manifests.

Who is my State information contact regarding manifest requirements?
