RCRA REVISION CHECKLIST 31

Exports of Hazardous Waste
51 FR 28664-28686
August 8, 1986
(HWSA Cluster I)

Special notes: (1) States cannot assume the authority to receive "Notifications of Intent to Export." In addition, States are not authorized to transmit such information to foreign countries through the Department of State or to transmit "Acknowledgments of Consent" (see 51 FR 28678 for further clarification and the instructions for Appendix J of the Revised SCRAM). (2) Hazardous wastes, identified or listed by the State as part of its authorized program which are broader in scope (not in the Federal universe), are not subject to the export regulations. (3) EPA moved the farmer exemption from §262.50 to §262.70 in this checklist. However, the Agency failed to modify a number of other sections in the CFR which refer to the farmer exemption by section. This is subsequently corrected in Revision Checklist 48 (53 FR 27164, July 19, 1988). States are encouraged to simultaneously modify their code to reflect both the modification of the farmer exemption addressed by this checklist and the technical corrections addressed in Checklist 48.
