RCRA REVISION CHECKLIST 64

Delay of Closure Period for Hazardous Waste
Management Facilities
54 FR 33376-33398
August 14, 1989
(Non-HSWA Cluster VI)

The June 26, 1990 (55 FR 25975) notice corrected the May 2, 1986 (51 FR 16422; Revision Checklist 24) final rule which erroneously designated the amendments to 40 CFR 264.113 and 265.113 as less stringent. The June 26, 1990 notice also explains that States must adopt the May 2, 1986 amendments to 40 CFR 264.113 and 265.113 prior to or simultaneous with receiving authorization for the Delay of Closure provisions addressed by Revision Checklist 64. While this checklist's provisions are optional, States choosing not to adopt them must still adopt the May 2, 1986 amendments to 40 CFR 264.113 and 265.113 because they are required changes. See the amended version of Revision Checklist 24 for further information.
