#### RCRA REVISION CHECKLIST 95

Land Disposal Restrictions for Electric Arc Furnace Dust (K061) 56 <u>FR</u> 41164-41178 August 19, 1991 (RCRA Cluster II, HSWA Rule)

Note: This checklist revises and finalizes treatment standards for K061 nonwastewaters in the high zinc subcategory originally regulated in the First Third Land Disposal Restrictions rule addressed by Revision Checklist 50 (53 <u>FR</u> 31138; August 17, 1988). Other related checklists include Revision Checklist 62 (54 <u>FR</u> 18836; May 2, 1989) and Revision Checklist 66 (54 <u>FR</u> 36967; September 6, 1989), as these two checklists amended and corrected Revision Checklist 50.

### PART 261 - IDENTIFICATION AND LISTING OF HAZARDOUS WASTE

### SUBPART A - GENERAL

## **DEFINITION OF HAZARDOUS WASTE**

† add new paragraph which excludes as hazardous waste certain nonwastewater residues resulting from high temperature metals recovery processing of K061 waste; generic exclusion levels; testing requirements; notification and certification requirements for each shipment of certain K061 HTMR residues sent to a

subtitle D unit

261.3(c)(2)(ii)(C)
