RCRA REVISION CHECKLIST 102

Second Correction to the Third Third
Land Disposal Restrictions
57 FR 8086-8089
March 6, 1992
(RCRA Cluster II, HSWA provisions)

Note: 1) The rule addressed by this checklist corrects errors and clarifies the language in the preamble and regulations of the June 1, 1990 (55 FR 22520; Revision Checklist 78) Third Third Land Disposal Restrictions rule. This rule was also modified by a January 31, 1991 (56 FR 3864; Revision Checklist 83) final rule. States that have already adopted Revision Checklists 78 and 83 are strongly encouraged to apply for the changes addressed by this checklist as soon as possible. Those that have not yet adopted the Third Third Land Disposal Restrictions are strongly encouraged to apply for the provisions in Revision Checklists 78, 83 and 102 at the same time.

2) This checklist may be subject to change in the future. EPA's State and Regional Programs Branch is currently discussing the relationship of hazardous waste injection issues to the State authorization program. In question are the changes made to 40 CFR Part 148 by the final rule addressed by this checklist and whether they should be included in the checklist. This present checklist does not include these changes.
