RCRA REVISION CHECKLIST 147
(WITHDRAWN)

Recycled Used Oil Management Standards; Administrative Stay
on Mixtures of Used Oil and Hazardous Wastes
60 FR 55202-55206
October 30, 1995
as amended on June 28, 1996 at 61 FR 33691
(RCRA Cluster VI, Non-HSWA provisions)

Note: This checklist has been withdrawn. On October 30, 1995 (60 FR 55202), EPA issued an administrative stay of the regulatory provisions set forth in 40 CFR 279.10(b)(2) applicable to used oil destined for recycling that has been mixed either with characteristic hazardous waste or with waste listed as hazardous because it exhibits a hazardous waste characteristic. However, on January 19, 1996, this administrative stay was vacated by the U.S. Court of Appeals for the District of Columbia. EPA published a final rule on June 28, 1996 (61 FR 33691) that clarified the regulatory status of the mixtures of used oil and hazardous wastes destined for recycling in light of the judicial vacatur. As a result, EPA has decided that Revision Checklist 147 is not necessary.
