ALTERNATIVE LDR TREATMENT STANDARDS FOR CONTAMINATED SOIL						
replace “40 CFR” with “§”; remove comma after “268.48”; replace “and” with a comma after “vanadium”; insert “that” after “zinc, and”; at end of paragraph insert new sentence: PCBs are not a constituent subject to treatment in soil which exhibits the toxicity characteristic solely because of metals	268.49(d)					
APPENDIX III TO PART 268						
add new appendix: “List of Halogenated Organic Compounds Regulated Under § 268.32”	Appendix III					

† Optional.

¹ There is a typographical error in the December 26, 2000 rule (65 FR 81373; Revision Checklist 190). "PCBs are not constituent subject to treatment" should be "PCBs are not a constituent subject to treatment".

² The amendatory language in the December 26, 2000 rule (65 FR 81373; Revision Checklist 190) erroneously states "Appendix III to Part 268 is added to subpart C". Appendix III should instead be added to the section reserved for it at the end of Part 268.
