SUPPLEMENTARY INFORMATION:

Extension of Comment Period

On October 19, 2010 (75 FR 64412), MSHA published a proposed rule, Lowering Miners’ Exposure to Respirable Coal Mine Dust, Including Continuous Personal Dust Monitors. In response to requests from interested parties, MSHA is extending the comment period from February 28, 2011, to May 2, 2011. In support of their requests, commenters noted the comprehensive, extensive nature of the proposal. All comments and supporting documentation must be received or postmarked by May 2, 2011.

Request for Comments

MSHA solicits comments from the mining community on all aspects of the proposed rule.

MSHA is interested in commenters’ views on what actions should be taken by MSHA and the mine operator when a single shift respirable dust sample meets or exceeds the Excessive Concentration Value (ECV). In this situation, if operators use a CPDM, what alternative actions to those contained in the proposed rule would you suggest that MSHA and the operator take? MSHA is particularly interested in alternatives to those in the proposal and how such alternatives would be protective of miners.

Clarification

A commenter at the first public hearing suggested that the timeframe for miners’ review of the Continuous Personal Dust Monitor (CPDM) Performance Plan be expanded. For clarification, MSHA, in developing the proposed rule, relied on the timeframe and process in the existing requirements for mine ventilation plans. In the proposal, MSHA did not intend to change the existing timeframe and process and stated that the proposed rule is consistent with ventilation plan requirements and would allow miners’ representatives the opportunity to meaningfully participate in the process.

Dated: January 10, 2011.

Joseph A. Main,

Assistant Secretary of Labor for Mine Safety and Health.

Minnesota: Final Authorization of State Hazardous Waste Management Program Revision

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: Minnesota has applied to EPA for final authorization of the changes to its hazardous waste program under the Resource Conservation and Recovery Act (RCRA). EPA has reviewed Minnesota’s application with regards to Federal requirements, and is proposing to authorize the State’s changes.

DATES: Comments on this proposed rule must be received on or before February 14, 2011.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R05–RCRA–2010–0738 by one of the following methods:

<http://www.regulations.gov>: Follow the on-line instructions for submitting comments.

E-mail: westefer.gary@epa.gov.

Mail: Gary Westefer, Minnesota Regulatory Specialist, LR–8J, U.S. EPA, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

Instructions: Direct your comments to Docket ID Number EPA–R05–RCRA–2010–0738. EPA’s policy is that all comments received will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov> or e-mail. The <http://www.regulations.gov> Web site is an “anonymous access” system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through <http://www.regulations.gov> your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD–ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters or any form of encryption, and be free of any defects or viruses. For additional information about EPA’s public docket, visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

Docket: All documents in the docket are listed in the <http://www.regulations.gov> index. Although listed in the index, some of the information is not publicly available, e.g., CBI or other information for which disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly

available only in hard copy. Publicly available docket materials are available either electronically in <http://www.regulations.gov> or in hard copy. You may view and copy Minnesota's application from 9 a.m. to 4 p.m. at the following addresses: U.S. EPA Region 5, LR-8J, 77 West Jackson Boulevard, Chicago, Illinois, contact: Gary Westefer (312) 886-7450; or Minnesota Pollution Control Agency, 520 Lafayette Road, North, St. Paul, Minnesota 55515, contact: Nathan Cooley (651) 757-2290.

SUPPLEMENTARY INFORMATION:

A. Why are revisions to State programs necessary?

States which have received final authorization from EPA under RCRA section 3006(b), 42 U.S.C. 6926(b), must maintain a hazardous waste program that is equivalent to, consistent with, and no less stringent than the Federal program. As the Federal program changes, States must change their programs and request EPA to authorize the changes. Changes to State programs may be necessary when Federal or State statutory or regulatory authority is modified or when certain other changes occur. Most commonly, States must change their programs because of changes to EPA's regulations in 40 Code of Federal Regulations (CFR) parts 124, 260 through 266, 268, 270, 273 and 279.

B. What decisions have we made in this rule?

We conclude that Minnesota's application to revise its authorized program meets all of the statutory and regulatory requirements established by RCRA. Therefore, we propose to grant Minnesota final authorization to operate its hazardous waste program with the changes described in the authorization

application. Minnesota has responsibility for permitting treatment, storage, and disposal facilities (TSDFs) within its borders (except in Indian Country) and for carrying out the aspects of the RCRA program described in its revised program application, subject to the limitations of the Hazardous and Solid Waste Amendments of 1984 (HSWA). New Federal requirements and prohibitions imposed by Federal regulations that EPA promulgates under the authority of HSWA take effect in authorized States before they are authorized for the requirements. Thus, EPA will implement those requirements and prohibitions in Minnesota, including issuing permits, until the State is granted authorization to do so.

C. What is the effect of this authorization decision?

The effect of this decision, once finalized, is that a facility in Minnesota subject to RCRA would have to comply with the authorized State requirements instead of the equivalent Federal requirements in order to comply with RCRA. Minnesota has enforcement responsibilities under its State hazardous waste program for RCRA violations, but EPA retains its authority under RCRA sections 3007, 3008, 3013, and 7003, which include, among others, authority to:

1. Do inspections, and require monitoring, tests, analyses or reports; and

1. Enforce RCRA requirements and suspend or revoke permits.

This action will not impose additional requirements on the regulated community because the regulations for which Minnesota is being authorized are already effective, and will not be changed by EPA's final action.

D. What happens if EPA receives adverse comments on this action?

If EPA receives adverse comments on this authorization, we will address all

public comments in a later **Federal Register**. You may not have another opportunity to comment. If you want to comment on this authorization, you must do so at this time.

E. What has Minnesota previously been authorized for?

Minnesota initially received Final (base) authorization on January 28, 1985, effective February 11, 1985 (50 FR 3756) to implement the RCRA hazardous waste management program. We granted authorization for changes to Minnesota's program on July 20, 1987, effective September 18, 1987 (52 FR 27199); on April 24, 1989, effective June 23, 1989 (54 FR 16361) amended June 28, 1989 (54 FR 27170); on June 15, 1990, effective August 14, 1990 (55 FR 24232); on June 24, 1991, effective August 23, 1991 (56 FR 28709); on March 19, 1992, effective May 18, 1992 (57 FR 9501); on March 17, 1993, effective May 17, 1993 (58 FR 14321); on January 20, 1994, effective March 21, 1994 (59 FR 2998); and on May 25, 2000, effective August 23, 2000 (65 FR 33774). Minnesota also received authorization for the U.S. Filter Recovery Services Project XL on May 22, 2001, effective May 22, 2001 (66 FR 28085), and for the Joint Powers Agreement with Hennepin County on October 23, 2008 (73 FR 63074), effective October 23, 2008.

F. What changes are we proposing with today's action?

On June 2, 2010, Minnesota submitted a final complete program revision application, seeking authorization of their changes in accordance with 40 CFR 271.21. We are now proposing to authorize, subject to receipt of written comments that oppose this action, Minnesota's hazardous waste program revision. We propose to grant Minnesota final authorization for the following program changes:

G. Which revised State rules are different from the Federal rules?

Minnesota has excluded the non-delegable Federal requirements at 40 CFR 268.5, 268.6, 268.42(b), 268.44, and 270.3. EPA will continue to implement those requirements. In this action, Minnesota has chosen to remain more stringent in the Hazardous Remediation

Waste Management Requirements, (Checklist 175 above) by choosing not to adopt 40 CFR 270.79 through 270.230 which allow for Remedial Action Plans (RAP). The RAP is considered to be less stringent. Minnesota is more stringent in checklist 108, as it does not recognize the list of excluded processes, nor does it have provision to waive the double

liner requirement in 40 CFR 265.301(d). In rule revision (Checklist) 118, Minnesota does not allow any liquids in landfills even as provided for in 40 CFR 264.314. In rule revision (Checklist) 142, Minnesota does not contain a provision to add a Universal Waste under 40 CFR 273.80 or 260.23.

H. Who handles permits after the authorization takes effect?

Minnesota will issue permits for all the provisions for which it is authorized and will administer the permits it issues. EPA will continue to administer any RCRA hazardous waste permits or portions of permits which we issued prior to the effective date of this authorization until they expire or are terminated. We will not issue any more new permits or new portions of permits for the provisions listed in the Table above after the effective date of this authorization. EPA will continue to implement and issue permits for HSWA requirements for which Minnesota is not yet authorized.

I. How does today's action affect Indian Country (18 U.S.C. 1151) in Minnesota?

Minnesota is not authorized to carry out its hazardous waste program in "Indian Country," as defined in 18 U.S.C. 1151. Indian Country includes:

1. All lands within the exterior boundaries of Indian Reservations within or abutting the State of Minnesota, including:
 - a. Bois Forte Indian Reservation
 - b. Fond Du Lac Indian Reservation
 - c. Grand Portage Indian Reservation
 - d. Leech Lake Indian Reservation
 - e. Lower Sioux Indian Reservation
 - f. Mille Lacs Indian Reservation
 - g. Prairie Island Indian Reservation
 - h. Red Lake Indian Reservation
 - i. Shakopee Mdewakanton Indian Reservation
 - j. Upper Sioux Indian Reservation
 - k. White Earth Indian Reservation
2. Any land held in trust by the U.S. for an Indian tribe; and
3. Any other land, whether on or off an Indian reservation that qualifies as Indian Country.

Therefore, EPA retains the authority to implement and administer the RCRA program in Indian Country.

J. What is codification and is EPA codifying Minnesota's hazardous waste program as authorized in this rule?

Codification is the process of placing the State's statutes and regulations that comprise the State's authorized hazardous waste program into the Code of Federal Regulations. We do this by referencing the authorized State rules in 40 CFR part 272. Minnesota's rules, up to and including those revised June 7, 1991, as corrected August 19, 1991, have previously been codified through incorporation by reference effective February 4, 1992 (57 FR 4162) .

K. Statutory and Executive Order Reviews

This proposed rule only authorizes hazardous waste requirements pursuant to RCRA 3006 and imposes no requirements other than those imposed by State law (see **SUPPLEMENTARY INFORMATION**, Section A. Why are Revisions to State Programs Necessary?). Therefore this rule complies with applicable executive orders and statutory provisions as follows:

1. Executive Order 18266: Regulatory Planning Review

The Office of Management and Budget has exempted this rule from its review under Executive Order 12866 (58 FR 51735, October 4, 1993).

2. Paperwork Reduction Act

This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

3. Regulatory Flexibility Act

This rule authorizes State requirements for the purpose of RCRA 3006 and imposes no additional requirements beyond those required by State law. Accordingly, I certify that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*).

4. Unfunded Mandates Reform Act

Because this rule approves pre-existing requirements under state law and does not impose any additional enforceable duty beyond that required by state law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4).

5. Executive Order 13132: Federalism

Executive Order 13132 (64 FR 43255, August 10, 1999) does not apply to this rule because it will not have federalism implications (*i.e.*, substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government).

6. Executive Order 13175: Consultation and Coordination With Indian Tribal Governments

Executive Order 13175 (65 FR 67249, November 9, 2000) does not apply to this rule because it will not have tribal implications (*i.e.*, substantial direct effects on one or more Indian tribes, or on the relationship between the Federal

Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.)

7. Executive Order 13045: Protection of Children From Environmental Health and Safety Risks

This rule is not subject to Executive Order 13045 (62 FR 19885, April 23, 1997), because it is not economically significant as defined in Executive Order 12866 and because the EPA does not have reason to believe the environmental health or safety risks addressed by this action present a disproportionate risk to children.

8. Executive Order 13211: Actions That Significantly Affect Energy Supply, Distribution, or Use

This rule is not subject to Executive Order 13211 (66 FR 28355, May 22, 2001), because it is not a significant regulatory action as defined in Executive Order 12866.

9. National Technology Transfer Advancement Act

EPA approves State programs as long as they meet criteria required by RCRA, so it would be inconsistent with applicable law for EPA, in its review of a State program, to require the use of any particular voluntary consensus standard in place of another standard that meets requirements of RCRA. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply to this rule.

10. Executive Order 12988

As required by section 3 of Executive Order 12988 (61 FR 4729, February 7, 1996), in issuing this rule, EPA has taken the necessary steps to eliminate drafting errors and ambiguity, minimize potential litigation, and provide a clear legal standard for affected conduct.

11. Executive Order 12630: Evaluation of Risk and Avoidance of Unanticipated Takings

EPA has complied with Executive Order 12630 (53 FR 8859, March 18, 1988) by examining the takings implications of the rule in accordance with the Attorney General's Supplemental Guidelines for the Evaluation of Risk and Avoidance of Unanticipated Takings issued under the executive order.

12. Executive Order 12898: Federal Actions To Address Environmental Justice in Minority Populations and Low Income Populations

Because this rule proposes authorization of pre-existing State rules and imposes no additional requirements beyond those imposed by State law and there are no anticipated significant adverse human health or environmental effects, the rule is not subject to Executive Order 12898 (59 FR 7629, February 16, 1994).

13. Congressional Review Act

EPA will submit a report containing this rule and other information required by the Congressional Review Act (5 U.S.C. 801 *et seq.*) to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

List of Subjects in 40 CFR Part 271

Environmental protection, Administrative practice and procedure, Confidential business information, Hazardous materials transportation, Hazardous waste, Indians-lands, Intergovernmental relations, Penalties, Reporting and recordkeeping requirements.

Authority: This action is issued under the authority of sections 2002(a), 3006 and 7004(b) of the Solid Waste Disposal Act as amended, 42 U.S.C. 6912(a), 6926, 6974(b).

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 20

[WT Docket No. 10-254; DA 10-2388]

Comment Sought on 2010 Review of Hearing Aid Compatibility Regulations

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: The Wireless Telecommunications Bureau (Bureau) seeks comments on the operation and effectiveness of the Commission's rules relating to hearing aid compatibility of wireless handsets. On the basis of the evaluation, the Bureau will consider

whether to recommend to the Commission both rule revisions and non-regulatory measures to ensure that persons with hearing loss will continue to have broad access to evolving modes of wireless communication.

DATES: Interested parties may file comments on or before February 14, 2011, and reply comments on or before March 1, 2011.

ADDRESSES: All filings should refer to WT Docket No. 10-254. Comments may be filed using: (1) The Commission's Electronic Comment Filing System (ECFS), or (2) by filing paper copies. See Electronic Filing of Documents in Rulemaking Proceedings, 63 FR 24121 (1998).

- **Electronic Filers:** Comments may be filed electronically using the Internet by accessing the ECFS: <http://www.fcc.gov/cgb/ecfs/>. Filers should follow the instructions provided on the Web site for submitting comments. If multiple dockets or rulemaking numbers appear in the caption of this proceeding, filers must transmit one electronic copy of the comments for each docket or rulemaking number referenced in the caption. In completing the transmittal screen, filers should include their full name, Postal Service mailing address, and the applicable docket number. Parties may also submit an electronic comment by Internet e-mail. To get filing instructions for e-mail comments, filers should send an e-mail to ecfs@fcc.gov, and should include the following words in the body of the message, "get form (your e-mail address)." A sample form and directions will be sent in response.

- **Paper Filers:** Parties who choose to file by paper must file an original and four copies of each filing. If more than one docket or rulemaking number appears in the caption of this proceeding, filers must submit two additional copies for each additional docket or rulemaking number.

Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail (although we continue to experience delays in receiving U.S. Postal Service mail). All filings must be addressed to the Commission's Secretary, Office of the Secretary, Federal Communications Commission.

- The Commission's contractor will receive hand-delivered or messenger-delivered paper filings for the Commission's Secretary at 236 Massachusetts Avenue, NE., Suite 110, Washington, DC 20002. The filing hours at this location are 8 a.m. to 7 p.m. All hand deliveries must be held together

with rubber bands or fasteners. Any envelopes must be disposed of before entering the building.

- Commercial overnight mail (other than U.S. Postal Service Express Mail and Priority Mail) must be sent to 9300 East Hampton Drive, Capitol Heights, MD 20743.

- U.S. Postal Service first-class mail, Express Mail, and Priority Mail should be addressed to 445 12th Street, SW., Washington, DC 20554.

One copy of each pleading must be delivered electronically, by e-mail or facsimile, or if delivered as paper copy, by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail (according to the procedures set forth above for paper filings), to the Commission's duplicating contractor, Best Copy and Printing, Inc., at FCC@BCPIWEB.COM or (202) 488-5563 (facsimile).

Copies of the public notice and any subsequently-filed documents in this matter may be obtained from Best Copy and Printing, Inc. in person at 445 12th Street, SW., Room CY-B402, Washington, DC 20554, via telephone at (202) 488-5300, via facsimile at (202) 488-5563, or via e-mail at FCC@BCPIWEB.COM. The public notice and any associated documents are also available for public inspection and copying during normal reference room hours at the following Commission office: FCC Reference Information Center, 445 12th Street, SW., Room CY-A257, Washington, DC 20554. The public notice is also available electronically through the Commission's ECFS, which may be accessed on the Commission's Internet Web site at <http://www.fcc.gov>.

To request information in accessible formats (computer diskettes, large print, audio recording, and Braille), send an e-mail to fcc504@fcc.gov or call the FCC's Consumer and Governmental Affairs Bureau at (202) 418-0530 (voice), (202) 418-0432 (TTY).
