<sup>1</sup> Checklist 154 is based on the November 25, 1996 rule (61 FR 59932). This rule added to and consolidated the regulations which had originally been promulgated as Revision Checklists 138, 143, 146, and 149, all of which have been withdrawn.

<sup>2</sup> While only portions of these revision checklists affect the associated special consolidated checklist, the revisions must be included for completeness of the program. Only those related revisions are included on the associated special consolidated checklist.

<sup>3</sup> This version of the Special Consolidated Checklist was issued as of February 19, 1997 to include all rules of Revision Checklist 151.

<sup>4</sup> Through June 30, 1997, the Special Consolidated Land Disposal Restrictions Checklist had been updated to include all LDR revision checklists promulgated since the introduction of the program with Revision Checklist 34. Beginning with SPA 18, since most States have adopted the LDR program at least in part, the special consolidated checklist for LDR will be the 1992 Special Consolidated LDR Checklist. The 1992 checklist includes LDR rules promulgated through June 30, 1992, including the rule addressed by Revision Checklist 106. The Special Consolidated LDR Checklist will no longer be updated to include all subsequent LDR revision checklists. The Special Consolidated

LDR Phases I-IV Checklist will consolidate all LDR rules promulgated after Revision Checklist 106. States wishing to adopt the entire LDR program may use the 1992 Special Consolidated LDR combined with the Special Consolidated LDR Phases I-IV Checklist. This combination will provide all LDR rules promulgated.

<sup>5</sup> On April 9, 1999, the United States Court of Appeals for the District of Columbia in Great Lakes Chemical Corporation versus EPA (Docket No. 98-1312) granted the U.S. Government's motion for a voluntary vacatur of the rules addressed by Revision Checklist 165. Because of this vacatur, EPA has withdrawn this revision checklist. Note that the final rule published August 10, 1998 (63 FR 42580), is also vacated as it only clarified that the typographical errors made in the May 4, 1998 (63 FR 24596) rule were corrected by the June 29, 1998 rule (63 FR 35147).
