¹ Note that on August 1, 2005 (70 FR 44150) a correction was published to the final rule addressed by Revision Checklist 208. Information for that final rule is included with SPA 26 as Rule 208.1

² EPA does not consider these provisions to be either more or less stringent than the pre-existing federal program, since they simply make explicit an authority that has been and remains available under the omnibus authority and its implementing regulations. Thus, states with authorized equivalents to the federal omnibus authority will not be required to adopt these provisions, so long as they interpret their omnibus authority broadly enough to require risk assessments where necessary.
