Northern Indiana Public Service Company (NIPSCO) is claiming that the EPA assessment reports for all of their facilities contain “Confidential Business Information”. While EPA is working to resolve these claims with the company, the reports will not be posted. However, each unit and its structural integrity condition rating and hazard potential rating will be listed in the summary table [link to: <http://www.epa.gov/epawaste/nonhaz/industrial/special/fossil/coalash-faqs.htm#18>] available in the FAQ section.
