Re: Progress Energy Carolinas, Inc.  
Request for Information Under Section 104 (e) of the Comprehensive  
Environmental Response, Compensation, and Liability Act, 42 U.S.C. 9604(e)

Dear Mr. Kinch:

This letter submits the Progress Energy Carolinas, Inc. response to the subject Request for Information (RFI). Enclosed is a response to the RFI for each of the following facilities that received the RFI:

Asheville Power Station  
Cape Fear Power Station  
L. V. Sutton Power Station  
Lee Power Station  
Mayo Power Station  
Roxboro Power Station  
W.H. Weatherspoon Power Station  
H.B. Robinson Power Station

We have compiled the data to the best of our ability in the abbreviated time allowed. We understand the intent of the RFI is to provide the requested information in regard to surface impoundments used for the storage or disposal of residuals or by-products from the combustion of coal. Furthermore, we understand the scope of the RFI is to obtain information regarding those impoundments that may no longer receive coal combustion residuals or by-products but still contain free liquids to the extent that the free liquid amounts and residuals could pose a threat if suddenly released.
