Re: Response to Recommendations  
USEPA CCR Impoundment Assessment  
Johnsonville Fossil Plant (JOF)  
New Johnsonville, Tennessee

Dear Mr. Kammeyer:

As requested, Stantec has reviewed the Request for Action Plan letter from USEPA dated June 13, 2013, which contains the results of the CCR impoundment assessment at Johnsonville Fossil Plant conducted by USEPA's consultant Dewberry and Davis, LLC. Dewberry has rated Johnsonville's facility as *Satisfactory* and has indicated that no recommendations are warranted; therefore, no action is needed by TVA.

If you have any questions or need additional information, please call.

Sincerely,

STANTEC CONSULTING SERVICES INC.
