# Department of Pesticide Regulation

Mary-Ann Warmerdam  
Director

Arnold Schwarzenegger  
Governor

September 13, 2006

Dr. Scott Carroll  
711 Oak Avenue  
Davis, California 95616

Dear Dr. Carroll:

I reviewed your revised protocol, informed consent form, and other informed consent documents for the study entitled, “**Test of Personal Insect Repellents** (Efficacy Test Protocol, Version EMD-004)”. In this Version, you have either provided adequate justification or incorporated the revisions to Version EMD-002 that the California Department of Pesticide Regulation (DPR) stipulated in our review letter of May 16, 2006. In accordance with the provisions of the California Code of Regulations, Title 3 (3CCR), Chapter 3, Section 6710, the Director of DPR grants provisional approval of the above pesticide worker exposure study protocol on September 12, 2006. Final approval of this protocol will be considered by the Director upon receipt of documentation indicating that the revised protocol and consent form have been reviewed and recommended for approval by an Institutional Review Board in accordance with 40 CFR Part 26.

If you have any questions, please contact Janet Spencer of my staff at (916) 445-4198 or by e-mail: [jspencer@cdpr.ca.gov](mailto:jspencer@cdpr.ca.gov).

Sincerely,

*(original signed by S. Edmiston)*

Susan Edmiston, Agriculture Program Supervisor IV  
Worker Health and Safety Branch  
(916) 445-4222
