

US EPA ARCHIVE DOCUMENT

Division of Compliance Assistance

DCA COPY: Silver Lake's May 19, 2010 Site Visit Report

Kathy does not have decision making authority although she was helpful and receptive. The store is dynamic in that it serves as a restaurant with seating, as well as a gas station. This gives the station ample envir. opportunity.

Waste & Water Reduction

- Receipt printing
- Document printing
- Internal towel use
- Reusable bag sales
- Reusable mug/cup sales
- Fix leaky faucets

Recycling

- Internal collection
- Customer collection

Energy Efficiency

- On/off lighting
- Appliance plug/unplug
- Efficiency light bulbs
- Refrigeration

Green Purchasing

- Post consumer materials
- Non-toxic cleaning items

Green Products

- Buy local: Kentucky Proud

Green Discounts

- Reusable items
- Car pooling

Environmental Leadership

- KY EXCEL

Item Discussed	Station Status	DCA Notes:
_____	_____	<ul style="list-style-type: none"> Recommend: reusable bag & mug sales Congratulate: automatic faucets and toilet flushers Recommend: rec. Kathy implements on/off lighting; however she experiences inconsistencies in terms of employee follow through. Appliances are unplugged with convenience of outlet location. Kathy said they recently purchased efficiency light bulbs, yet seemed unsure. A few of the cleaning supply packages were made from post consumer material. CONGRATULATE KY Cigarettes and Lexington coffee and tea were the only identified local products being sold. Customers save \$.25 off of drinks when placed in a reusable cup/mug. I left KY EXCEL material. Kathy is aware the store qualifies.
