Hannaford Supermarkets Earth Day Celebration

Dear Hannaford Earth Day 2012 Exhibitors:

Thank you for accepting our invitation to represent your organization at this year's Hannaford Supermarkets/Delhaize America Earth Day Celebration!

It's designed to provide a fun and educational experience to get corporate associates engaged and active in promoting better health for themselves, their families and the planet. Our event was a big success last year, and we're looking forward to repeating that in 2012.

It will be held on **April 24, 2012**, from **11:00 a.m. – 1:30 p.m.** in the Communication Center at the Hannaford Corporate Office at 145 Pleasant Hill Rd, Scarborough, Maine. The theme will be "*Healthier People, Products and Planet.*"

A few things to be aware of:

- To honor the spirit of Earth Day, this will be a *Zero Waste Event*. This means all exhibitors will have to use either reusable utensils or purchase compostable products made from PLA or a plant-based material (no plastics can be used for serving).
- Each exhibitor will have an 8'x8' floor space, along with tables and chairs.
- We'd love it if each exhibitor would bring along one raffle prize our associates can win (these do not have to be high-value items). We will provide the raffle tickets, submission box, and display area.
- Parking will be available in the back parking lot (follow the signs). Someone will be at the door to direct you to your table.
- Set up begins at 9:00 am. Please be set up and ready to go by 10:00 am. Breakfast will be provided.

We look forward to meeting all of you. Please feel free to e-mail or call us with any questions that arise.

Sincerely,

Marcy Stevens
