RE: State Innovations Grant – FY2010 First Quarter Report

Dear Jack:

Attached is the FY2010 first quarter progress report for the FY07-2010 Sustainable Washington State Innovation Grant Project for the period from October 1, 2009 – December 31, 2009. During the final quarter of the fiscal year, the Department of Ecology (Ecology) focused its amendment to the grant to provide for a no-cost extension to September 30, 2011.

Alison Chamberlin is no longer at Ecology. Peggy Morgan will be the point of contact on the Environmental Results Program and EnviroStars activities. I will be working on the Environmental Management Systems and the Global Reporting Initiative activities

Sincerely,

Ken Zarker, Manager
Pollution Prevention and Regulatory Assistance Section
