

US EPA ARCHIVE DOCUMENT

**USEPA State Innovation Grant (SIG) FY10**  
**Pre-Competition Informational Session**  
(1 hour total duration)

**AGENDA**

**Meeting Objectives:** EPA will host a listening session with the States to solicit input on the structure of and potential themes for the next round of State Innovation Grant competition, and to serve as a springboard to initiate discussions between the Regions and their States (or between States and other States). We want to hear from States and Regions about priority issues for innovative approaches, and answer questions that the States may have prior to the competition to enable the States (and/or other eligible applicants) to submit well-developed pre-proposals in the FY10 competition.

**10 minutes**    Introductions

- Roll call: EPA HQ, Region, States, other
- Modifications to agenda

**15 minutes**    General Overview

- Provide General Background of SIG program
- Strategic priorities for grant program
  - Widely-shared environmental priorities where solutions have broader applicability than just one State.
  - Multimedia
  - Integration of tools and approaches

**30 minutes**    Suggestions and Questions

All

- Sharing General Ideas for possible project based on existing MOU, PPA, etc.
- Considerations for Team Approach
- Other

**5 minutes**    Wrap Up

- Next Steps – detailed discussions between Regions and States now
- Other calls to Regions and States
- Monitor SIG website for updates
- Look out for FY10 solicitation in September
