### **NOTICE OF ADDENDUM** **REQUEST FOR PROPOSAL # H-041-08**

### **Environmental Management System (EMS) Auditing Services for the** **Dairy Sector** **April 9, 2008**

All potential proposers for the above referenced Request for Proposal (RFP) are hereby notified that the original RFP document dated March 12, 2008 is being updated and revised to include all of the information below and attached. As a result of questions received in writing and at the vendor conference, the RFP document itself has been updated to include Documents 1 & 2 below as part of the official RFP Document as per Section 1.5 "Clarification and/or revisions to the specifications and requirements" of the RFP Document. **There has been no change in the proposal due date. The proposals are due at 11:00 A.M. CDT, Wednesday, April 23, 2008.**

This notice of addendum includes the following list of attached documents:

- Document 1.) H-041-08 Agency Response to Vendor Questions
- Document 2.) H-041-08 Vendor Conference Attendees

Vendor shall also note one change to the text of the original RFP document to correct a typographical error. On page 15 of the original RFP document in Section 5.1 Objectives and deliverables, under Deliverable 1b the original text says "Objectives 2-4". This is a typo. The text in question should actually say "Objectives 1 & 2". Per this Addendum document this text is now corrected.

This Notice of Addendum document and all attachments are being posted to the DOA VendorNet system. All potential proposers and other interested parties may access VendorNet (<http://vendornet.state.wi.us>) for the documents or may direct email requests for this information to [richard.straub@dnr.state.wi.us](mailto:richard.straub@dnr.state.wi.us) or may contact me at (608) 261-6415.

Sincerely,

Richard M. Straub  
Senior Procurement Specialist
