AUG - 1 2003

Mr. James B. Gulliford
Regional Administrator
U.S. EPA, Region VII
901 North Fifth Street
Kansas City, KS 66101

Dear Mr. Gulliford:

This letter is in response to your December 6, 2002, letter to Governor Holden requesting the state submit an updated, revised, or new recommendation on nonattainment area boundaries under the 8-hour ozone standard. The designation recommendation and documentation were originally due by April 15, 2003. However, the U.S. Environmental Protection Agency (EPA) later extended the deadline to July 15, 2003. Region VII graciously agreed to allow Missouri some additional time past July 15 to accommodate the schedule of the Missouri Air Conservation Commission and enable more opportunity for public participation. Governor Holden has requested that I, as his designee, forward this recommendation to you.

EPA has promulgated a new 8-hour ozone national ambient air quality standard and has advised states that it is obligated by the Clean Air Act and the Transportation Equity Act for the 21st Century to designate areas throughout the country as attainment/unclassifiable or nonattainment for the standard. Section 107(d)(1) of the Clean Air Act provides each state governor the opportunity to recommend designations including appropriate boundaries to the EPA. It is my understanding that if EPA determines that a modification to a recommendation is necessary, EPA will notify the state no later than October 15, 2003, to provide an opportunity for states to demonstrate why the EPA's modification is not appropriate.

At this time, The State of Missouri is recommending that the counties of Clay, Platte, Jackson, northern portion of Cass, Jefferson, Franklin, St. Charles, and St. Louis along with the City of St. Louis be designated as nonattainment. The State recommends that the remainder of the state of Missouri be designated as attainment/unclassifiable. Enclosed with this letter is a table listing all 114 counties in Missouri along with their corresponding recommended classification. Also enclosed with this letter is a technical review of the factors listed in the EPA guidance document.

Integrity and excellence in everything we do

Mr. James B. Gulliford

Thank you for this opportunity and your understanding of the process we used in developing this recommendation. We look forward to working closely with you in the coming months as we follow a similar process on the fine particulate standard. Should you have any questions regarding this letter or the technical support document enclosed, please contact Ms. Leanne J. Tippett, Director, Air Pollution Control Program at P.O. Box 176, Jefferson City, MO 65102, or call (573) 751-4817.

Sincerely,

DEPARTMENT OF NATURAL RESOURCES
