Date Division Received 2-15-94
Products Manager No. 31 (Marshall Swindell)
Product Name VigoroX Antimicrobial Agent
Company Name FMC Corporation

100.0 Comments:

Registrant is repackaging another EPA registered product, EPA Reg. No. 65402-~~1~~, for use in pulp and paper mill systems, recirculating cooling water systems, coating preservation and dispersed pigment preservation.

This formulation is cleared under the Federal Food, Drug and Cosmetic Act for use on food contact surfaces as terminal sanitizing rinse.

However, for use in manufacture paper and paper board products and coatings that may contact food, registrant should submit to us an opinion letter from FDA for use of this product in paper mills and in coatings that may contact food. Without FDA's opinion letter the proposed uses may not be accepted.
