AY

Shaughnessy # 009001

EAB Log-Out Date: 8/20/87

To: Valerie Bael
Special Review Branch
Registration Division (TS-767C)

From: Michael Firestone, Acting Chief
Special Review Section #2
Exposure Assessment Branch
Hazard Evaluation Division (TS-769C)

Michael Firestone

Attached please find the EAB review of...

Reg./File No.: _____

Chemical: Lindane

Type Product: Insecticide

Product Name: _____

Company Name: _____

Submission Purpose: Review of Benefits/Use Document

ACTION CODE: _____

Date In: 08/19/87

EAB # 70898

Date Completed: 8/20/87

1 Days

Deferrals To:

Ecological Effects Branch

Residue Chemistry Branch

Toxicology Branch

Benefits and Use Division

Monitoring study requested by EAB:

Monitoring study voluntarily conducted by registrant:

AUG 20 1987

Note to Valerie Bael:

On 19 August you requested EAB to examine a document containing benefit/use data for the use of lindane on hardwood logs and lumber. I have given this document a quick review and found that there is little information in it that is of direct use to EAB. It does have descriptions of procedures and estimates of the number of facilities using these procedures. The information in this document should be evaluated by BUD. It may be possible, after this evaluation, to derive a more accurate estimate of exposure times and obtain more reliable descriptions of the methods used for hardwood logs and lumber treatment with the insecticide. Such information would be of value to EAB for any future revision of our earlier assessment.
