In response to the Mancozeb Registration Standard (Guidance Document dated April, 1987), Rohm and Haas Company has forwarded information/data on the manufacturing-use product, Dithane^R M-45 Concentrate (EPA Registration NO. 707-102); and the end-use product, Dithane^R M-45 Agricultural Fungicide (EPA Registration NO. 707-78).

RCB COMMENTS:

1. The information/data submitted was found to be identical to the material contained in a previous report submitted by the manufacturer (EPA ACCESSION NO. 257953, April 29, 1985). This report has been reviewed and addressed in the Mancozeb Product Chemistry, Task 1, issued September 10, 1986.
2. Deficiencies stated in the Task 1 are still outstanding and need to be addressed by the manufacturer.
3. As requested by Herb Harrison of the Registration Division, the Residue Chemistry Branch (RCB) no longer reviews the physical/chemical properties of manufacturing-use products. In addition, product chemistry data pertaining to the end-use
