SUBJECT: Mancozeb Registration Standard,
Rohm and Haas Company
Letter on the Status of Forwarded
Product Chemistry Data

ID NO(S). 707-78
RCB NO(S). 4271

FROM: H. Fonouni, Ph.D., Chemist
Dietary Exposure Branch
Health Effects Division (TS-769C)

H. E. Fonouni

TO: Lois Rossi/Susan Lewis (PM-21)
Herbicide/Fungicide Branch
Registration Division (TS-767C)

THRU: William J. Boodee, Section Head
Dietary Exposure Branch
Health Effects Division (TS-769C)

WJB

This memorandum is in response to a correspondence from Rohm and Haas Company, August 5, 1988; on the status of product chemistry data which they had forwarded to the Agency (October 9, 1987) on an unregistered technical mancozeb (Sections 61 and 63).

In a phone conversation with Susan Lewis of the Registration Division on 8/29/88 concerning the subject matter, it became evident that the reports are not currently available, but the manufacturer is to resubmit the data. We will review the information/data on the unregistered technical as soon as the reports are submitted to DEB.
