- 4.0 Conclusions
 - There is no new data referenced.
- 5.0 Recommendations
 - 5.1 It appears that these uses have tolerances and have been on registered products labels for years. We feel that this should be handled according to Mr. D. Campt's memo of May 13, 1977 which refers to Mr. Ed Johnson's memo of May 12, 1977. We see no new uses.
