INTRODUCTION:

The Hartz Mountain Corp. has submitted product chemistry data and a new basic and alternate CSF (dated 9-26-05 and 9-29-05, respectively) for Hartz Reference 121. No MRID was submitted.

TRB CONCLUSIONS:

Subgroup A data requirements concerning impurities, guideline 830.1670, for Hartz Reference 121 are acceptable. The basic and alternate CSF (dated 9-26-05 and 9-29-05, respectively) for Hartz Reference 121 are also acceptable. We note that the Reg No for dinetofuran on p2 of the Basic formulation should read [REDACTED] and not [REDACTED]. This correction has been made on the alternate formulation.

Product ingredient source information not included.
