Health Effects Division (H7509C)

TO: W. Burnam, Acting Chief
Science Analysis and Coordination Branch
Health Effects Division (H7509C)

and

L. Rossi, Chief
Reregistration Branch
Special Review and Reregistration Division (H7508W)

The MBIP has submitted two studies published in 1940 and 1941. The information does not change any of the present Residue data requirements for methyl bromide. It is seldom that any information that has not already been considered is obtained from 50+ year old articles. The Branch wishes to thank the MBIP.

If you need additional input please advise.
