ENVIRONMENTAL CHEMISTRY EVALUATION OF: thiabendazole
(TBZ) 2-(4-thiazoyl)-benzimidazole
PP4E1478 EPA REG. NO. 618-69 & 618-75

Submitted by IR-4 Project.

I. INTRODUCTION

1. Applicant proposes the use of TBZ on white potato seed pieces.
2. See environmental chemistry evaluations of 7-31-73 and 11-26-73 PP3E1376 regarding the use of TBZ on sweet potato seed roots.

II. DISCUSSION OF DATA:

1. No environmental chemistry data on this use have been submitted.
2. Disposal of spray solution appears to be major possibility of environmental contamination. Label bears cautionary labeling regarding disposal of unused spray solution.

III. RECOMMENDATION
