To: F. J. McFarland, Food and Drug Administration,
Petitions Control Branch, Bureau of Science

From: Harry W. Hays, Director, Pesticides Regulation Division

Subject: Food Additive Petition No. 6H1946. Your memorandum
of February 20, 1967.

File: FAP# 6H1946

It is our opinion that mixtures of MGK-264 (N-octylbicycloheptene-dicarboximide), piperonyl butoxide, and pyrethrins are useful as insecticides in areas used for processing and storing foods.
