TOXIC SUBSTANCES

MEMORANDUM

SUBJECT: New Chemical Screen for Microfree - B 507 (Zinc
Silicate + Silver) (PC Codes 008103, 072501;
DP Barcode D227470; Reg. No. 069897-R)

FROM: *for* Anthony Maciorowski, Chief ⁷⁻⁵⁻⁹⁶
Ecological Effects Branch
Environmental Fate and Effects Division (7507C)

TO: Marion Johnson, PM 31
Antimicrobial Program Branch
Registration Division (7505C)

EEB has reviewed the new chemical screen package submitted for Microfree - B 507. Proposed registration is for use as a microbiocide to be added to plastics, adhesives, synthetic fibers, and paint coatings. Based on our preliminary review, this package passes the new chemical screen in EEB.

Preliminary review of the submission package shows that data are available from an avian dietary study, a fish acute study, and an aquatic invertebrate acute study. Although these studies were conducted with the formulated product, EEB has determined that they will satisfy the requirements for this registration.

The package does not contain an avian acute oral LD50 study, which is the fourth study required to support registration of an indoor-use microbiocide. However, the Agency does have on file an avian acute oral study with zinc oxide, and a rat acute oral study with silver. EEB believes that data from these studies will be sufficient to support the registration of Microfree - B 507. Thus, this package passes the screen in EEB.

Any questions on this memo should be directed to Allen Vaughan at 305-6464.

Reg./File # : 069897-R
 Chemical Name : Zinc silicate + silver
 Type Product : Microbiocide
 Product Name : Microfree - B507
 Company Name : DuPont Specialty Chemicals
 Purpose : Submission of new chemical screen for new
 microbiocide to be added to plastics,
 adhesives, synthetic fibers, and paint coatings.
 Action Code : 010 Date Due : 07/09/96
 Reviewer : A. Vaughan Date In : 06/26/96

EEB Guideline/MRID Summary Table: The review in this package contains an evaluation of the following:
