DATE: September 10, 1981

SUBJECT: PP#1E2499. Atrazine on orchardgrass. Amendment of 8/18/81.

FROM: Martha J. Bradley, Chemist
Residue Chemistry Branch
Hazard Evaluation Division (TS-769)

TO: Minor Use Officer
Registration Division (TS-767)

and

Toxicology Branch
Hazard Evaluation Division (TS-769)

THRU: Charles L. Trichilo, Branch Chief
Residue Chemistry Branch
Hazard Evaluation Division (TS-769)

This amendment was submitted in response to our memo (M. J. Bradley) of 7/2/81.

The petitioner has submitted revised Sections B and F requesting a 15 ppm tolerance for residues of atrazine and its dealkylated chlorometabolites in or on orchardgrass and orchardgrass hay. The proposed grazing restriction is now for 6 months after treatment.

This amendment resolves all of RCB's deficiencies. We now recommend for the proposed tolerances provided TOX concurs.
